PLEASE INQUIRE**

Epic products are intended as replacements for worn or damaged parts in OEM products. OEM Part numbers in (parenthesis) indicate either 1) the part serves the same function as the OEM part, but may differ from the OEM design, or 2) it is a component of an assembly where no OEM reference number is available, or 3) it is a repair service for the referenced part.

Parts with EE designations are manufactured by Epic and are not authorized by the original equipment manufacturers.

©Epic Enterprises, Inc., January 2007

EE is an Epic trademark designating Epic parts

ICBT are trademarks of ICBT/Reiter

Benefits of Epic's ICBT Pot Repair:

- More economical than purchasing a new pot.
- The new Epic Repair offers a heavier gauge bottom and is designed to be much less susceptible to cracking.
- Sides are double locked for stability and allows for multiple repairs of the same pot!
- Quick turn-around time (normally three weeks after receipt of your pots)
