Although the inner race (EE480065), outer race (EE480720) and sprag cage (EE480789) are available separately, it is generally good practice to replace the entire unit if any one of the components shows wear.

Epic's Free Wheeling Device is interchangeable as a complete assembly with Volkmann 041726. Individual parts of the Epic Assembly are interchangeable with Volkmann parts.

Epic products are intended as replacements for worn or damaged parts in OEM products. OEM Part numbers in (parenthesis) indicate either 1) the part serves the same function as the OEM part, but may differ from the OEM design, or 2) it is a component of an assembly where no OEM reference number is available, or 3) it is a repair service for the referenced part.

Parts with EE designations are manufactured by Epic and are not authorized by the original equipment manufacturers.
