EPIC REPLACEMENT PARTS BY OEM REFERENCE NUMBER

Epic products are intended as replacement for worn or damaged parts in OEM products. OEM part numbers in (parenthesis) indicate either 1) improved design 2) the part serves the same function as the OEM part, but may differ from the OEM design, or 3) it is a component of an assembly where no OEM reference number is available, or 4) it is a repair service for the referenced part.

NOTE: If your Adobe Reader or Adobe Acrobat program does not show the search feature (usually illustrated as binoculars), you can use CTRL F to search as well.

Feel free to save this document to your computer for later use. We will make every attempt to keep this listing up to date. The information contained herein is subject to change, without notice.
